

Smart 105 CLASSIC

Smart BOX Solutions

Smart BOX system is developed for easy and quick construction. The Smart BOX modules are made and pre-constructed under secure and controlled environment. Base constructions are made of metal for convenient transportation and reuse. All materials used for modules meet strict EU standards. All modules can be united with each other. This allows to construct various buildings from one-room summerhouses to all sorts of apartment houses, hotels etc.

Smart 105 CLASSIC

Smart 105 CLASSIC is an updated version of SMARTBOX's family standard module. Smart 105 CLASSIC offers modern and convenient living space for small family or couple. Living room with large terrace, kitchen, two bedrooms and two bathrooms — all rooms are smartly planned and fully equipped. Full-height windows give excellent lighting conditions for joyful living. The module can be used to build both a terraced house and a semi-detached house.
