

Smart 25 CUBE

Smart BOX Solutions

Smart BOX system is developed for easy and quick construction. The Smart BOX modules are made and pre-constructed under secure and controlled environment. Base constructions are made of metal for convenient transportation and reuse. All materials used for modules meet strict EU standards. All modules can be united with each other. This allows to construct various buildings from one-room summerhouses to all sorts of apartment houses, hotels etc.

Smart 25 CUBE

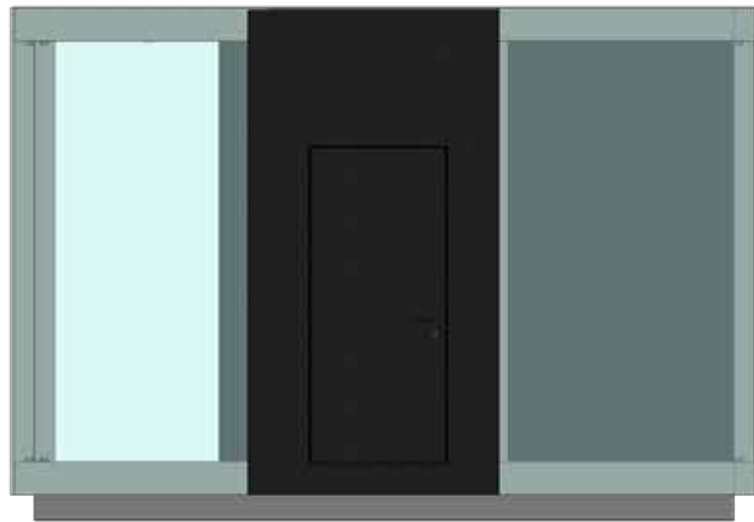

The Smart 25 CUBE is the latest, impressive and multifunctional ready-made solution in the Smart BOX series. Small enough to fit anywhere, big enough to just fit in. You can choose between the Smart 25 CUBE cottage model or the Smart 25 CUBE office model, according to your wishes or need. The use of mirror walls allows the Smart 25 CUBE to fit into any environment — from nature to city streets, while large mirror walls always give Smart 25 CUBE users complete privacy. The Smart 25 CUBE is the perfect venue for a summer cottage, office, profitable rental space or just a modern utility space. The Smart 25 CUBE can be mounted either directly on the foundation, on a 1 meter foot or up to 3m on cross legs. Upon request, it is possible to order a terrace.
